

HPSSC & USOPC Internship Materials

Application Tips

Your Interview

- Do some prior homework. Know what HPSSC and USOPC are and what this internship is to show interest.
- Have confidence in your achievements, big or small. This is just an internship application, we understand that you may not have much applied experience, be proud of what you have! Your goal here is to learn.
- Show your thought process. When answering questions, elaborate on how you would approach things.
- Be honest if you don't know something. No one is perfect, if you don't know something, say it, then mention what you would do to try and solve the problem.
- Ask intelligent questions. Asking questions towards the end will show interest in the position and leave a good impression to the interviewer.
